GGNomad

GGNomad puts every leg, booking and traveler of a trip on one record, for travelers and for the travel businesses that serve them.

Every leg · Rentals · All travel apps · Groups · Tour operations

PARTNER CHEAT SHEET
GGNOMAD.COM

WHAT IT IS

One platform for the whole trip: every leg, rental, booking and traveler, for travelers and travel businesses.

30-SECOND PITCH

Travel businesses run tours, rentals and transport on spreadsheets and chats, and lose the traveler after booking. GGNomad runs the whole operation on the same trip record travelers see, with a copilot.

PROBLEM WE SOLVE

- Tours run on spreadsheets and chat apps
- Traveler lost after the booking
- Double bookings across every channel
- Rental handover disputes without evidence

VALUE PROPOSITION

- Operator and traveler on one record
- Design to settlement in one workspace
- Any mode, any vehicle, every leg
- One calendar for every channel

IDEAL CUSTOMER

Tour operators, rental fleets, transport providers, hosts and agencies juggling disconnected tools

Not a fit: Consumers, airlines, buyers demanding references first

WHO YOU ARE TALKING TO

Tour operator — The night before a departure?
Rental manager — Who wins the scratch argument?
Transport head — Who tells passengers about delays?
Agency director — How many tools per itinerary?

TOP USE CASES

- Design, price and sell a tour
- Run departure day from run-sheets
- Run a rental fleet end to end
- Sell seats as journey legs
- Run club trips as communities

CAPABILITIES

- Multi-leg journeys
- Vehicle rentals
- Booking import
- Channel sync
- Group trips
- Communities
- Tour builder
- Run-sheets
- AI companion
- Operator copilot

PRICING

Free	$0
Starter	$99/mo
Growth	$399/mo
Business	$999/mo
Enterprise	From $12/active listing/mo

Free plan, published paid plans, fee on bookings

COMPETITIVE LANDSCAPE

Booking sites — Whole journey plus operator workspace
Rental apps — Rentals timed to the trip
Trip planners — Planning that books and re-plans
Tour software — Operator and traveler, same record

WHY US

- One trip record for both sides
- Any mode, any vehicle
- Keep the apps and channels
- Groups and communities built in

PROOF & CREDIBILITY

- Free self-service plan to try
- Access control on every operation
- Consent for everything connected

DEMO

Free plan at app.ggnomad.com, or book a walkthrough with us

TALKING POINTS

- Your team and travelers, same trip
- Design, sell, run, settle together
- Handover photos end scratch arguments
- Copilot drafts quotes, you approve

OBJECTION HANDLING

"Who else uses it?"
Nobody I can name. Try the free plan yourself.

"We sell on big booking sites"
Keep them; one calendar keeps every channel in step.

"Will the AI book alone?"
No. It asks before any booking, payment or cancellation.

DISCOVERY QUESTIONS

- What do you run: tours, rentals, transport?
- What happens the night before departure?
- How many calendars do you keep?
- How do you settle rental disputes?
- How long does a quote take?

SPOT A GOOD OPPORTUNITY

- Runs on spreadsheets and chat apps
- Recent double booking or handover dispute
- Sells on several channels
- Owner is in the conversation
- Consumer wanting a cheaper holiday
- Airline wanting a reservation system

HOW TO INTRODUCE US

"GGNomad runs your whole travel operation on the same trip record your travelers see. Shall I introduce you?"
